

All-In-One High Pressure Pump Station

Description: **All-In-One High Pressure Pump Station**

Part No: **E-SE-HP-480-2020-1**

Updated: **7.17.19**

General Warning

It is important that you read this manual in its entirety before attempting to install, operate, or service the corresponding Tommy Car Wash Systems equipment. Observe all safety information and any additional instructions included with this equipment. Failure to observe these instructions may result in personal injury and / or property damage.

System Description

Tommy Car Wash System's proprietary All-In-One High Pressure Pump Station raises the bar for car wash plumbing and pumping setups. Centralize all your wash pumping needs in a compact, 4' x 4' package to drastically reduce installation and plumbing costs.

Note: Unit assemblies may vary. Contact Tommy Car Wash Systems with questions or for assistance with your specific unit.

Technical Data

- Construction: Stainless Steel
- Space Required: (Backroom) 4' x 4' x 8' + hookups
- Power Requirements: 480V / 208V
- Shipping Weight: approx. 2500 lbs.
- Noise Level: 100 Db

Plumbing Feed Requirements

- 2" Fresh hot water feed
- 2" Reject water feed
- 2" Fresh water back-up feed
- 2" Reclaim water feed

Note: Different setups may require different plumbing

Electrical Requirements

Pumps:

- E-HFI-224 – 3 Phase, 480 Volts, 4.8 Amps, 3 HP – (Qty. 2)
- E-SE-BP-75-480 – 3 Phase, 208/480 Volts, 19.0/11.0 Amps, 7.5 HP – (Qty. 1)
- P-SE-PG-2323 – 3 Phase, 208/480 Volts, 19.9/11.0 Amps, 7.5 HP – (Qty. 1)

Motors:

- P-SE-HP-204 – 3 Phase, 208/480 Volts, 40.0/20.0 Amps, 15 HP – (Qty. 2)

Solenoids:

- P-WAT-2479 – 24 Volts DC, 11.6 Watts – (Qty. 3)

Pressure Transducers:

- CCS-XMLG100D23 – 12/24 Volts DC, 20 milliAmps – (Qty. 2)

Switches:

- P-SE-PG-223 – 250 Volt Max – (Qty. 1)

Recommended Maintenance

- Oil changes monthly where applicable.
- Change LoveJoy Spider (P-HYD-2046) once a year
- Grease motors per manufacturers spec on running hours and grease type
- Inspect hoses every 100,000 cars

General Safety Information

All WARNINGS, CAUTIONS, AND ADVISEMENTS below concern the safe installation, operation, and service of your Tommy Car Wash Systems equipment. This safety information is included for your protection and should be reviewed thoroughly prior to working with or near this equipment.

- Never service equipment while it is running.
- All personnel must be trained on the equipment and corresponding safety procedures before conducting service.
- All employees should have ready access to emergency stop buttons and should be trained on their location and operation.
- All moving and/or electrical equipment involves certain hazards. At least two qualified personnel must be on-hand during service or normal operation.
- Do not wear loose fitting clothing when working on or around moving equipment.
- All car washes must use a warning system to alert employees prior to wash activation.
- Do not attempt to operate any malfunctioning equipment.
- Unauthorized personnel or foreign objects are not permitted near functioning equipment.
- Never attempt to clean or service any area near operational equipment. Keep area clear until equipment has been fully deactivated.
- Disconnect all equipment prior to servicing.
- Do not attempt to use any equipment for any function it was not intended for.
